

INVOLVE YOUR SCHOOL IN MORE THAN A FLAG

Designing a new state flag offers Utahns the chance to talk about who we are now. It's a chance to talk about the symbols and colors that represent our shared identity. Together, we can design a 21st-century flag to represent a 21st-century state.

HOW DO YOU SEE UTAH?

Our young people are the next generation who will carry the flag, so students are essential to this process. We want families to share their ideas, designs, and symbols for what Utah means to them.

Get Involved: Public submissions are now open!

More Than A Flag has developed resources to participate in the design process. We hope you will learn about flag design, participate in activities, and encourage the distribution of the following materials designed to engage young people in the discussion.

Materials are available to download at Flag.Utah.gov/GetInvolved.
